

Technical solutions – Observation Audit/Assessment

Audit Competent Development Program

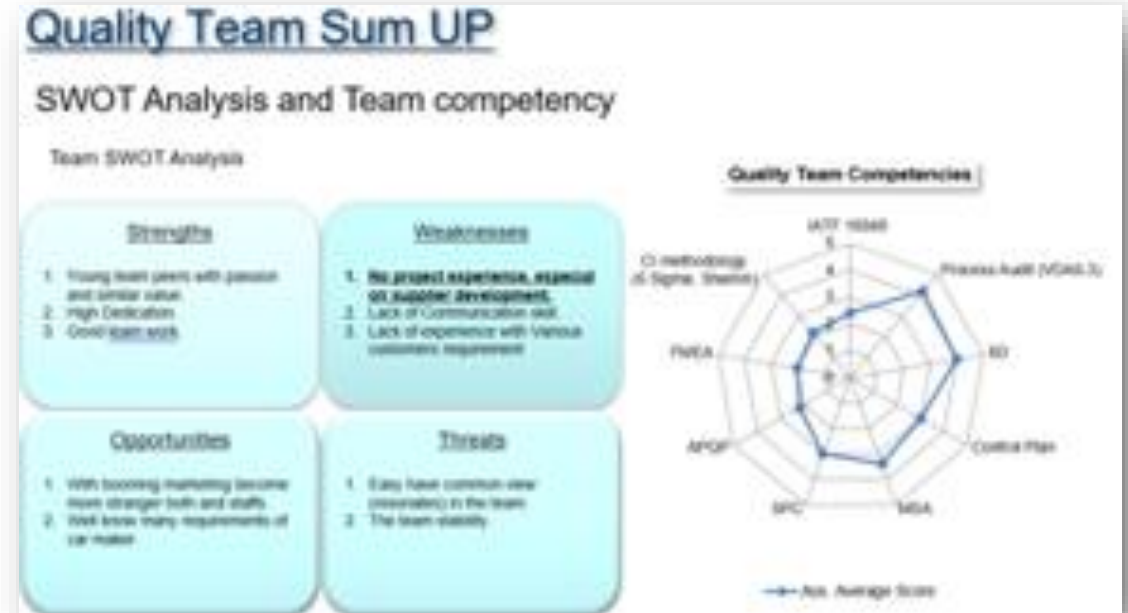

The image shows a VDA QMC VDA6.3 Witness Audit Evaluation Form. It includes fields for 'Witnessed Auditor', 'Witness', and 'Date'. The main table has columns for 'No.', 'Dimension', 'Evaluation Item', 'Observations', and 'Marking/Deficiency'. The 'Marking/Deficiency' column contains terms like 'Compliant', 'Needs Improve', and 'Not'. At the bottom, there is a 'Conclusion' field with 'Needs Improve' selected, and a 'Signature' line.

Criteria for evaluate the audit skills.

Observation Audit/Assessment Best Practice

Observation Audit/Assessment Summary

Individual improvement suggestions have been given face-to-face to each person after the Observation Audit/Assessment.

Team summary report so show common points.
